

Dear Parents, Carers and Governors,

Welcome back to the last half term of this academic year. I hope you enjoyed the break and spending time with your children (although I'm sure many of you are very glad to see your little treasures back in school). Hopefully, they are feeling refreshed and revitalised, and are eager to continue their learning in this very important half term. I cannot believe we only have 7 weeks left of this academic year.

To help consolidate learning and provide new experiences the different year groups have trips, workshops and activities planned. Please ensure that you have signed the consent forms for your child to take part.

There will be a number of assessments going on across the school and your child's school report will be coming home on Friday 6<sup>th</sup> July. The report will be the same format as last year and there will be an opportunity to discuss the report the following week – we are hoping to tie this in with another art exhibition following the great success of the one just before the Easter break.

The last term is one in which the children really excel as everything that has been taught this year seems to come together and I know that the teachers were so impressed with the quality of some individual's independent writing produced just before the break.

## Weekly Newsletter Monday 4<sup>th</sup> June 2018

This is really positive to hear and I hope that your child continues to show maximum effort in all their work this half term, ready to go into their new year group in September. The children will meet their new teacher on Wednesday 4<sup>th</sup> July.

This will be a very busy half term and so once again I need to remind you how important it is for your child to be in school and on time. We had a number of children absent and the office staff spent a long time chasing up the reason for absence. A polite reminder that if your child is absent from school then you must inform the school by 9am. There is an answer phone to leave a message or the school office opens at 8.30am. I also had to 'speed up' a number of pupils this morning so that they were not late for school.

### Olive Dining

Welcome to Sarah and her team of new catering staff to St Saviour's. The children and staff were very impressed with their first day of the new company and loved having table clothes and china plates and bowls rather than plastic trays. The food was excellent and I would recommend that any child currently having pack lunch give school meals a try. Please speak to Miss Price about a trial school lunch week.

### Whole School Writing Focus – 'Super Powers'

This week think about what super power you would like to have just for one day. This could be anything but you need to have a reason for your super power. Present your work in a format of your choice and give into the school office. I look forward to reading your work.

### Assembly week commencing 04.06.18 Worship

Our assembly theme links with our school Christian value of:

#### **Respect**

*Do to others as you would have them do to you.*

#### **Luke 6:31**

As always parents/carers are very welcome to join us for any of our assemblies.

## Natural History Museum

Year 5 went to the Natural History Museum to find out more about the incredible variety of life in our oceans. We found out lots of fascinating facts about marine animals such as whales, dolphins and sea cows.

We also watched an amazing show where we learnt how to classify different types of living things.
