

St Saviour's PE and School Sport Funding 2019 – 2020

The government is determined to secure a significant and lasting legacy from the very successful 2012 Olympic and Paralympic Games that were held in London. In order to achieve this and improve the provision of PE and sport in primary schools, additional funding of £150 million per annum has been made available for the academic years up until 2020.

PE and Sport Premium funding has been provided jointly by the Department for Education, the Department for Health and Culture and the Department for Media and Sport. It has been allocated to primary school Headteachers and is ring-fenced to be spent on the provision of PE and sport in schools.

The Government believes that Headteachers and school leaders should decide how to use the funding for PE and Sports in school. They are held accountable for the decisions they make through:

- The performance outcomes of all pupils compared with their peers
- The Ofsted inspection framework, under which inspectors focus on the attainment of pupil groups, in particular in those areas where specific funding has been provided
- The reports that schools are required to publish online for Parents

Purpose of Funding

At St Saviour's Primary School we believe that sport plays a crucial role in contributing to the health and mental well-being of our children. We also believe that sporting excellence and participation go hand in hand with academic standards.

We have used the Sport Funding to purchase membership of the local sports federation which alongside our own school actions has enabled us to strengthen and improve our provision in the following ways:

- To employ a PE coordinator who will teach PE and work alongside our teaching staff when teaching PE. This enables them to plan and deliver a scheme of sports and devise clubs that progressively develop our children
- To support and engage the least active children through new/additional sports and health clubs.
- To attend sport competitions and increase pupils' participation in school games.

- To buy quality assured professional development modules /materials for PE and sport.
- To provide places for pupils on after school and lunchtime sports clubs.
- To provide quality sportswear for all the pupils participating in competitive sports.

PE Curriculum

At St Saviour's Primary School we ensure a wide range of activities are delivered in school which aims to engage and inspire all children. We are also committed to ensure that all children receive high quality well-planned PE lessons and opportunities.

Over the year, each child will participate in various games in line with the scheme of work. Opportunities are also planned for swimming in Year 3 and 4; off-site non curriculum activities such horse riding, wall climbing and ice skating and outdoor adventure activities in year 1 - year 6.

The Wider Curriculum

PE and sport has a high profile in our school and permeates many aspects of school life.

We also offer extra opportunities for sporting activities after school through our extra-curricular program and at lunchtimes.

During our residential visits, children are given the opportunity to participate in many different activities which may include orienteering, climbing and assault courses.

Other agencies are used to enhance the variety of activities available and we take full advantage when these opportunities become available. The school is keen to provide a wide range of extra-curricular clubs for children throughout the year which are organised by our teaching staff and/or sports coaches.

Children enjoy the opportunity to work with different teachers and have the chance to try many sports such as tennis, football, badminton, hockey, cricket, rounders, cross country, benchball, tag rugby, gymnastics and athletics.

We also subscribe to the Waltham Forest Schools' Sports Network which allows us to compete in a variety of sporting events across the key stages.

Commitment

St Saviour's Primary School is committed to providing an increasing range of opportunities for children to participate in high quality sports games and PE activities on an ongoing basis.

Support for review and considering the 5 key indicators from DfE, what development needs are a priority for your setting and your students now and why? Use the space below to reflect on previous spend, identify current need and priorities for the future

Key achievements to date:	Areas for further improvement and baseline evidence of need:
<ul style="list-style-type: none"> • Minimum of 2 hours of PE each week (indoor & outdoor) • Introduction of Daily Mile and Fitness Friday • Increased participation in competitive games and activities across both Key Stages, within the borough and with local schools • Staff development to introduce new sports within schools, e.g. NFL Football • Increased number of pupils beginning swimming lessons earlier in Y4 and Y3 • Achievement of Bronze Games Mark • Range of clubs provided before school, lunchtime and after school • Sports Leader Ambassador conference and Sports Leaders in school 	<ul style="list-style-type: none"> • Achievement of Silver and Gold Games award • Increased numbers of swimmers that are confident and competent in the range of strokes • Ensuring the PE vision is embedded into daily practice and that children are aware of the importance of staying healthy. • Continue to develop improved pupils attitude towards PE and to monitor the impact that this has on their outcomes for behaviour and academic levels. • Introduce further new sports and activities to gain increased pupil participation across genders.

Meeting national curriculum requirements for swimming and water safety – July 2019	Please complete all of the below:
What percentage of your Year 6 pupils could swim competently, confidently and proficiently over a distance of at least 25 metres when they left your primary school at the end of last academic year?	85%
What percentage of your Year 6 pupils could use a range of strokes effectively [for example, front crawl, backstroke and breaststroke] when they left your primary school at the end of last academic year?	70%
What percentage of your Year 6 pupils could perform safe self-rescue in different water-based situations when they left your primary school at the end of last academic year?	70%

Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	Yes
