In case of Major Emergency:

The staff member witnessing or first discovering the emergency situation will be responsible for initiating the immediate response to the threat. This may involve:

- Summoning help/ calling emergency services (dial 999)
- Taking charge of the scene until further support arrives
- Securing immediate welfare of students and staff e.g. through shelter or evacuation

Genesis Education Trust
St. Mary's & St. Saviour's C of E Primary Schools

- Alerting Executive Headteacher, Teacher Schools, Deputy Headteachers, Assistant Headteachers or most senior member of staff in their absence
- Logging relevant information e.g. location and time of emergency, details of persons involved, summary of events, etc.

St. Saviour's C of E Primary	020 8520 0612

Once the initial alert has been made, consideration must be given to who else should be informed e.g. school governors, parents/carers etc. It is imperative that contact details are maintained (including out of hours) and are readily accessible.

A cascade system of alerting relevant persons should be considered as this allows information to be distributed quickly by several people.

Dealing with the media

It is very important that the Headteacher and staff of each school consult with the Chief Executive Officer/Directors of the Board, and Local Authority before making statements direct to the media, so that advice and guidance can be given on what to say and more importantly what not to say.

10. After the emergency – counselling

The school recognises that the effective management of our emergency response includes the provision of support, where necessary, after the event. The recovery timeline will focus on the individual needs for continuing support.

As the initial response is completed, school senior managers will complete a debrief to allow a review of actions taken. Students, parents/carers and staff will be given the opportunity to talk through their experiences with colleagues and counsellors.
