SPRING 2 WEEK 5

**Let God transform you into a new person by changing the way that you think – Romans 12:2 NLT**

Dear Parents and Carers,

### SCIENCE WEEK

This week we had a great 'time' exploring all things science. On Thursday, we all took part in a 'Silly Science' workshop! It was great to explore different scientific concepts and testing theories in a really fun way! On Friday, the children wowed us with their amazing science costumes and more importantly their scientific knowledge. We had germs, black holes, magnets and elements just to name a few!

Thank you so much for attending our Science Symposium today and we hope that you had a lot of fun exploring the science stations whether it was fossil making or mummifying sausages! The sheer amount of science projects that were submitted was incredible and it was even more impressive to see the effort that had gone into each one. It was a very difficult decision but a big 'well done' to Frank, Edgar and Khaliah who were our 2024 winners.

### BASKETBALL COMPETITION

On Monday, a group of children from Year 5 and Year 6 attended a basketball tournament with other schools across the borough. Both teams performed incredibly well and we are all so proud of them. Team B – Malaya, Mikaylah, Moises, Kemal, Deandre and Anton – made it to the quarter finals (only knocked out by our own St Saviour's A Team!) and Team A – Chioma, Amira, Skye, Harrison, Javontay – have made it to the borough finals, so are guaranteed a top 6 finish!

### EASTER CHURCH VISIT

This week we also attended St Saviour's Church for our Easter service. Father Salvador spoke to us about the importance of Easter and the events that will be taking place over the coming weeks for Holy Week. On Easter Sunday, there will be an Easter egg hunt after the church service if you would like to attend!

Linking to our science week theme, I would like to end with a quote about time, **'There is only one thing more precious than our time and that is who we spend it on.'**

Yours faithfully,  
Miss Cherry

FAITH. FORGIVENESS. TRUTH. LOVE. RESPECT. TENACITY. SERENITY

# SCIENCE SYMPOSIUM 2024

# COLLECTIVE WORSHIP

This week in collective worship we were focussing on our upcoming science symposium! We looked at the theme for this year's science week 'time'. This theme celebrates the passing of time since British Science Week began, and looking to the future! Time is key to so many discoveries in science, technology, engineering and maths. Evolution looks at how plants and animals changed over a long period of time, the Earth's movements show us why we have seasons and different time zones and life cycles are all about how organisms grow and die during their time on our planet. Did you know the average human lifespan is almost 73 years?

This week we also attended St Saviour's Church for our Easter Mass.

Father Salvador spoke to us about the importance of Easter and the events that will be taking place over the coming weeks for Holy Week.

On Easter Sunday there will be an Easter egg hunt after the church service! Will you be taking part in Holy Week? If so, what will you be doing?

# YEAR 2 CLASS CORNER

In Year 2, we have been learning about the Great Fire of London which happened in 1666. We watched how quickly the fire spread due to the tall, narrow wooden houses and the impact this fire had on London.

In Literacy, our book this term also relates to this significant historical event- The Great Fire Dogs, we have been using speech to enrich our language.

In PE, we are learning gymnastic skills and practising our shapes and balances such as pike, straddle and tuck and in invasion games we have been learning how to defend and attack using balls. In Topic, we have begun to use our art skills to make Tudor houses to represent the narrow buildings which burnt down in 1666.

## SATURDAY SCHOOL

I am delighted to inform you that we have some places available at our Saturday School for Y2 - Y5 and we would be thrilled if your child could attend. This is a great opportunity for your child to be involved in learning activities that complement the work they do at school during the week. We work with a group of staff from within the Genesis Academy Trust and beyond, delivering our topic based curriculum with additional enrichment from trips, workshops and activities. Please complete and return the parental agreement form as soon as possible to secure your child's place.

# SCHOOL UNIFORM

Thank you for your support to promote the correct school uniform at St Saviour's by ensuring that your children are coming to school wearing the correct uniform each day and have the correct kit in school for PE.

There has been lots of communication through letters and the weekly newsletter but unfortunately we are still seeing some children attending school in trainers and bringing in large rucksacks.

Please can I remind you that sensible black school shoes should be worn and large rucksacks must not be brought to school. As we have previously communicated, we do not have the storage space in our classrooms for rucksacks and they become a health and safety hazard when they do not fit on the class pegs or fall on the floor.
