# St. Saviour's C of E Primary School pupil premium strategy statement

# St. Saviour's biblical vision:

### Romans 12:2: 'Let God transform you into a new person by changing the way you think.'

1. Summary information							
School	St. Saviour's C of E Primary School						
Academic Year	demic Year 2021-22 Total PP budget £82,080 Date of most recent PP Review  Total spend £135,427.17 (165%)				September 2021		
Total number of pupils	336	Number of pupils eligible for PP	56	Date for next internal review of this strategy	January 2021		

2. Ba	2. Barriers to future attainment (for pupils eligible for PP, including high ability)					
In-scl	nool barriers (issues to be addressed in school, such as poor oral language skills)					
A.	Despite significant improvements following previous interventions, the progress of PP children remains p	paramount to close gaps				
B.	Self-esteem and motivation concerns in some cases					
C.	Opportunities for educational enrichment are limited for some families due to the expense of many of the	attractions in and around London.				
Extern	nal barriers (issues which also require action outside school, such as low attendance ra	tes)				
D.	Not all PP children are exposed to the same knowledge and experiences of the wider world due to press	sure on family income				
3. D	esired outcomes					
	Desired outcomes and how they will be measured	Success criteria				
A.	We continue to diminish the difference between PP and non PP children in terms of attainment and progress	Data across all year groups shows no difference between PP and non PP children.				
B.	PP children receive the same level of experiential learning, through inclusive access to the range of enrichment, clubs and events that are embedded across the school, regardless of their financial situation	Registers for extended schools and clubs show a high proportion of PP children have access to all activities and events run by the school and that PP pupils are not restricted for financial reasons.				
C.	Raise the self-esteem and ambition of pupil premium children across all year groups.	Through having the same inclusive access to all provisions, PP children do not see themselves as different from their peers. PP children are				

		keen and excited to learn and recognise the opportunities an excellent education can provide.
D.	Higher attaining Pupil Premium children are afforded the same opportunities as their peers and have raised ambitions for their futures	HA and MA PP pupils are exposed to higher education institutions in order that they recognise what they can achieve through an excellent education. They are challenged and are afforded opportunities to debate, question and investigate in order to develop their skills, independence and ambition.

# 4. Planned expenditure

Academic year

2021-22

The three headings below enable schools to demonstrate how they are using the pupil premium to improve classroom pedagogy, provide targeted support and support whole school strategies.

i. Quality of teaching for all							
Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?		
All pupils achieve at ARE or above to diminish the differences in attainment and progress between PP and non PP children	Assessment for Learning groups for all year groups  Additional AFL classes in two year groups.  Provision mapping to identify the needs of the pupils.  Implementation of PP Intervention groups for PP children identified as below ARE – including Maths focused (TT Rockstars) targeted interventions, Reading and grammar focus (Fresh Start and Corrective Reading) interventions and a funded offering of Saturday +, phonics school and Saturday achievement schools (inc tutor led grant).	AFL groups ensure children are taught in smaller groups, with accurately pitched work, enabling pupils to be given focussed and individual attention.  AFL groups are led by qualified teachers and in most cases, Senior Leaders, using Quality First Teaching.  Focused interventions enable children to close any gaps they may have in their learning, through regular practice and smaller ratios of adult to child.  Quality First Teaching, using morning and after school boosters in Reading, Writing and Maths to improve the outcomes for targeted pupils.  TAs work closely with teachers to target PP pupils in small guided groups during lessons.  TAs lead short targeted interventions to rapidly close gaps	Learning walks, formal teaching and learning reviews, book looks, planning reviews, data analysis.  The PP lead will focus specifically on the data for PP children, which is tracked throughout the year and reported to Governors and standards board (directors).  Termly review and adaptation of provision by PP lead and Head teacher following assessment and analysis of data.  End of year assessment shows that PP achieve in line with their peers if not above.  End of year data tracking shows that PP make progress in line with their peers or above.	HT SLT			

	Boosters led by subject leaders and Senior Leaders will be offered to help raise attainment, across the years, with review and adaptation to suit the needs of the pupils. (Reading, Writing and Maths).  February school, Y6 Boosters, Easter school and Summer school for year 2, 5 and 6 children.  Phonics school for Y3, 2 and 1 pupils all year round (SAT)  Daily interventions led by TAs specifically targeting PP students to close gaps	for PP in spelling, phonics and arithmetic.  One TA to lead short handwriting interventions for some of our PP students in Y2, 3, 4 and 5.			
Develop the quality of teaching by offering outstanding professional development and CPD opportunities for every teacher and leader at St. Saviour's CofE.	Design a highly ambitious rolling teacher CPD programme firmly rooted in classroom practice  Start and lead the new ECT programme for Early Career Teachers in the Trust, training them to be good to outstanding practitioners by the end of the year.  Match our second and third year to highly effective coaches, aiming for them to consolidate outstanding by the end of the year.  Develop Specialist	Good to outstanding teaching is the greatest lever schools have to improve outcomes of disadvantaged children  Retaining outstanding practitioners through professional development ensures disadvantaged pupils have the best quality of teaching on offer.  Recruiting ambitious and aspiring leaders for the future by offering a bespoke training programme ensures quality provision continues into the future.  Using consistently outstanding leaders and teachers to specialise in an area, allows us to plan a rigorous and effective CPD programme.  With the recruitment of SLEs we	Advertise the programmes individually and invite relevant candidates.  Inform leaders/ coaches about the training they will offer candidates at different times of the year.  Carefully track the impact the training (including CPD) has had on staff by looking at books, conducting learning walks and scrutinising data.  Use skills and knowledge learnt in sessions to support and teach our most disadvantaged students.  Select promising teachers and leaders in school and offer to enrol them on one of our programmes with the aim to retain and promote our best practitioners.	HT SLT Teachers	

	Leaders in Education who lead teams and improve practice in their own school as well as in other schools.  Further develop and expand our bespoke Accelerated Leadership Programme, developing aspiring leaders to become Headteachers in the future.	collaborate with other schools to develop our teaching and learning in house.  The Leaders of Learning on the accelerated leadership programme will lead the PP strategy in school together with the HT.	Scrutinising the work our coaches do with teachers to monitor the impact on practice and pupil progress		
To promote outstanding behaviour for learning attitudes in order to raise wellbeing and attainment	Put our school's Christian vision and values at the heart of everything we do in school  Consolidate a culture where good choices, progress and attainment are recognised and celebrated  Set high expectations for behaviour and behaviour for learning attitudes through our behaviour policy, the British values, our SMCS offer and worship practices.  To celebrate achievement at every opportunity  To work positively and	Our vision and values set out why we think, act and make choices so we can be the person God wants us to be.  Where outstanding behaviour and behaviour for learning attitudes are established, achievement becomes the norm.  Teach children how to think and make 'good' choices through our rigorous behaviour and personal development programme, supports children to learn how choices affect them and others Recognising effort and success works as a motivator to do well  Parents and carers are of enormous influence to how children go in the world and working together by sharing our ethos creates consistency  Creating safe and creative art spaces helps pupils to express	Constantly teach and refer to our Christian vision and values in theory and practice and communicate this vision to all stakeholders  Invest in achievement through assemblies, tokens, prizes, celebrations, certificates, displays and postcards  Consistently encourage and train all staff to challenge less than outstanding behaviour and recognise good choices  Set up positive channels of communications through home/school agreements, assemblies, parent consultation sessions and newsletters.  Set up the Art hut for 12 pupils to join at a time and have all resources available	HOS SLT	

closely together with parents and carers to promote good physical, emotional and mental health	themselves and gain confidence to do well and succeed		
Use the Art hut during lunch time to support and engage with our pupils so they can collaborate during art and craft activities			

ii. Targeted suppo	ii. Targeted support							
Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?			
PP children receive the same level of experiential learning, through inclusive access to the range of enrichment, clubs and events that are embedded across the school, regardless of financial reasons.	Use PP funding, where applicable, to enable children to access the extra curriculum events and extended school services we provide, including:  Breakfast and after school club, Football, Athletics, Martial Arts, Chess, coding, Robotics club Science and Art festival, BHM  Select PP children to learn to play a musical instrument	Evidence shows exposure to sport, artistic and musical activities raises attainment.  Providing exposure to sporting, musical and artistic events that they might not otherwise get to experience will ensure inclusivity and shared experience, which will lead to a greater depth of knowledge, vocabulary and relation to the topics and experiences that are vital to child development.  Learning to play an instrument further develops resilience and a love for learning and achieving	Extended schools lead and PP coordinator to arrange for PP children to be provided and where necessary, funded to take part in the same access to a range of enrichment, clubs and events.  PP lead to monitor registers with regards to attendance of PP pupils. Have conversations to encourage parents of PP children who are not accessing this provision.  Ensure that PP children do not miss out on trips due to financial reasons.  Select PP children to work with a teacher from Waltham Forest Music Centre	SLT PP Lead				
Higher and middle attaining Pupil Premium children are afforded the same opportunities as their peers and have raised ambitions for their futures through STEM based technologies	Invest in STEM and technology within the school to offer rich learning.  Enter STEM competitions to challenge pupils to	New technologies engage and inspire our young pupils to seek an education in technology or science.  Working with 3D printers, 3D pens, Virtual reality and robotics, pupils will have the knowledge and	Planning shows VR opportunities in lessons throughout our curriculum offer (EYFS-Y6)  Use our 3D printer and train pupils how to use Tinkercad and 3D printing technology.	HT Science Lead Computing Lead				

aspire to a career in science. Use our VR sets to make learning exciting and engaging by linking virtual realities to topic. Arrange robotics workshops in school for children to learn how to build and programme robots In our computing plans, use Tinkercad to design objects on our new 3D printer stem.org.uk In our computing curriculum, include

In our computing curriculum, include learning how to use our 3D pens to make 3D objects

Offer EmpiriBox science learning for Y3 and Y5 students for the academic year.e

Children complete home learning tasks using websites such as Education City, My Maths, Tinkercad and TT rock stars

Enrol with the robotics programme at Imperial College and allow our female PP children to engage with science and technology

To train our science leader to lead school STEM based projects confidence to develop an interest in science and technology.

New technologies are highly engaging and pupils are motivated to do well academically in order to progress in secondary school, sixth form and university.

Offering PP girls in upper KS2 the opportunity to work with successful female engineers of the future from Imperial College to build robots.

By training an STEM lead within our own school, we will be offer integrated STEM based learning for all groups each term: stem.org.uk

Approach successful engineers through Empiribox science and stem.org to deliver inspiring sessions for children about a career in science and technology

Entering competition allows the children to apply their knowledge and compare their results to other competitors

Use our new 3D pens to train PP pupils to make 3D objects and designs

Establish links with secondary schools and universities to teach children robotics and programming skills.

Extend our annual contract with Empiri Box for Y3 and Y5 pupils

Extend our annual contract with Education City, My Maths, TT Rock stars and Tinkercad

Our STEM coordinator will lead the sessions at school, familiarise herself with the resources and support the group. Project outcomes will be shared with the community as well as with Imperial College London.

Select the most successful design of the Faraday challenge and send it to organisers. Once the results are in, evaluate the project for effectiveness

	T	T			
COVID permitting	To invite STEM ambassadors into the school to share how to become successful in the field of science Enter the Faraday STEM competition To provide new experiences	Enriching opportunities where children get to experience a broad	Inform parents and carers about the trips well ahead of the time.	SLT	
To participate in a number of extra trips linked to topics in each year group so that children have detailed knowledge of the subject area.	and opportunities for PP children linked closely to the curriculum within each year group.  Proposed trips relating to topics, (funding PP children):  Day trip Greek Restaurant trip, Seaside trip, Madame Tussaud's trip, Invitation of History company to do themed day on Egyptians, Romans, Vikings and Saxons.  Year 4 children will visit the alpacas to coincide with their unit of learning.  As part of our Young Transformers programme, invite pupils from all year groups out on local and London trips to put our vision into practice.	range of activities related to the topic they are studying is a valuable resource and learning avenue. This will encourage engagement and enthusiasm within school.  Children have prior and ongoing knowledge of the topics covered in class having attended additional Trips/opportunities.  Increased opportunities to extend depth of knowledge and vocabulary. Experience of travel and broadening of horizons, enabling children to experience another EU country and culture will further enrich children's learning opportunities — including opportunities to speak French  Offering a broad and rich curriculum will improve attainment and attendance levels.  Offer PP the chance to walk, feed and stroke alpacas will give them the experience they need to remember and use key knowledge around the alpaca topic (SSO support)  Offering pupils the opportunity to be courageous advocates for positive change, will boost their confidence to be change makers for the	Offer each of the trips for free, including travel, so the day out is accessible for all our PP students.  PP co-ordinator to monitor registers with regards to attendance of PP pupils on the identified trips for each year group.  Teacher feedback shows an increased level of engagement in lessons.Outcomes of pupils' work reflects the additional opportunities they have been given.  Leaders of learning will plan, action and evaluate the effectiveness of each termly Young Transformers project.	Teachers PP Lead	
		present and future			

Raise the attainment level of Pupil Premium children in Year 2, 3, 4, 5 and 6 through our book based curriculum	Consolidate our book based curriculum by topping up literacy books for every child in the school (each half term)  To boost the reading corners and library by buying quality books for all year groups.  To teach PP in year 5 the 'Corrective Reading' programme to rapidly improve reading speed and comprehension  Introduce the benchmarking scheme to assess pupils' reading and comprehension skills  Make each reading corner highly engaging to encourage children to take out books to read at home.  TAs to read before and after school with targeted PP students to raise the profile of reading and boost reading for pleasure	Exposing pupils to high quality text and rich vocabulary rapidly improves reading and comprehension skills.  Giving every child a literacy book to read at home ensures each child can pre-read the text to be better prepared for challenges within the lesson.  Where children are familiar with a text and vocabulary, they are confident to use authors' style and language in their own writing  Corrective reading is a intense and highly structured reading programme which targets decoding skills before moving onto comprehension  Pupils are engaged, prepared and knowledgeable about subject they study- it offers them a context and narrative for their new knowledge in afternoon lessons  Making quality books available to all children guarantees that children read at home and further develop their vocabulary and knowledge of the world.  Listening to children read encourages pupils to read aloud for pleasure. Having rich conversations about text improves comprehension and engagement  Targeting particular pupil premium children for a reading recovery intervention will raise reading skills and self esteem	Review the Literacy and reading programme 2019-20 and replace units of learning which were less effective.  Retrieve the books that were lent out and purchase new books where necessary.  Order quality books for all year groups and distribute them equally between classes.  Buy reading corners materials linked to the theme each class studies in literacy and reading.  Ensure every teacher has a benchmarking folder with all the books for every level.  With the corrective reading programme, PP improve their reading speed and comprehension and thus gain confidence and joy in the reading experience.  Set up the reading recovery scheme of work ready to be used with immediate effect  Analyse PP reading data and select those children who need to read a wide range of text to close the attainment gap.	HT PP Lead SLT Literacy Lead	

Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
Ensure that PP children access a healthy and varied diet and are not coming to school hungry	Funded access to Breakfast and Afterschool club – before and after school clubs which would include breakfast and/or tea.  Introduce our UberEats scheme which teaches children about food nutrition, food preparation food marketing and food selling	Children require healthy and nutritious food to thrive: physically, mentally, emotionally and academically. Access to food is a basic human right.  Providing care will support low-income families in being able to access employment which is beneficial for families and children.  Provide opportunities to develop social skills around eating – table manners, conversation etc. outside of the home environment. Uber Eats teaches the children how to make informed choices about which food to buy and eat by making them buyers, sellers and consumers	Extended schools lead and PP coordinator to monitor registers with regards to attendance of PP pupils.  Lead conversations with parents of PP children who are not accessing this provision and offer where applicable.  Leaders will carefully plan  UberEats, lead teachers CPD and monitor the effectiveness of the scheme. Outcomes are evaluated to further improve the scheme for next year	SLT Healthy school Lead PP Lead	
Promote safe and environmentally friendly travel to and from school	Train children in all year groups about travelling safely to school and teach how to mitigate risks: crossing the road, using road crossings and walking on pavements.  Promote walking, scootering or cycling to school.  Ensure a member of SLT guards the front gate of the school at the beginning of the day and the end of the day.  Teach children cycling proficiency in the summer term with a focus on PP	Evidence shows that some groups of children do not pay enough care to traffic as they are not aware of the dangers  Training children how to negotiate traffic ensures they arrive safely at school and at home.  Travelling to school by foot, scooter or bike increases health  Educating children about safe driving, parking and idling will encourage parents to drive safer around school streets  Safer streets will help our PP children to travel to school	Allocate a staff member to stop parents from parking in the church parking area and at the front of the school.  Planned PSHE lessons teach children about road safety.  Contact the LA to organise cycling sessions for Upper KS2 children in the summer term.  Use newsletters and other forms of communication to educate parents about driving safely to school.  SLT lead assemblies based around road safety and healthy living.	AHT	

	T				<del>                                     </del>
	(hire bikes where necessary)  Educate the community on driving to school and dropping children off safely at the school gates.  Engage LA to further promote safer streets around our school premises.  Work with the LA, the local community, parents/ carers and staff to promote safer set up safer streets	safely. Many of our pupils travel independently and setting up safer streets will reduce the risk of accidents from happening.	Follow the LA timelines to introduce safer streets and communicate with parents/ carers and staff at all times		
To continue to improve attendance figures for our PP children	Attendance targets (96.5%) are set to ensure every child has the best chance to achieve  Attendance figures are collected, analysed and acted on.  The learning mentor and senior leaders welcome parents and pupils daily at the school gate  Classes with the highest attendance receive the weekly attendance cup and children with 100% attendance receive a token and certificate  Attendance meetings are held with those parents whose children do not meet the attendance targets.  Morning booster sessions are set up for our PP children with the offer of free breakfast and small group support.	Children who have high attendance figures often achieve well academically and emotionally  Attendance figures indicate which pupils and groups of pupils need further school support  Parents of those pupils who arrive late to school can immediately be addressed and monitored where necessary  Setting targets and celebrating achievement promotes high attendance figures  Setting up personal meetings enables parents and carers to provide context and for the school to communicate its concerns  Offering morning boosters targets hard to reach pupils who benefit from early morning interventions	Sets targets with governors and consistently reminds parents/ carers and pupils of this target and how to achieve it.  Registering pupils is a legal requirement and creating weekly attendance reports keeps a high profile  Set up rotas for SLT to be at the gate and share information about those pupils who are persistently late to school.  The administrative team to collate data and write weekly data reports for all classes and groups  Create attendance records for every child at the end of each half term and contact those parents/ carers who are not meeting the target  Constantly review attendance figures and target those pupils who would benefit from early morning interventions	HOS SLT Office manager	

To introduce a debating club for PP children in Y4 and 5	Set up a weekly debating club led by a trained professional  Invite PP children to join the club with the aim to create confidence when speaking publicly.  Choose a wide range of 'hot topics' for children to learn about and teach critical thinking skills	Debating skills enable pupils to learn to listen to arguments and present opinions in a structured way.  Joining a debating club will give pupils the opportunity to research and learn about a range of current affairs  Entering debates teaches the pupils to use style, tone, volume and diction when presenting points of view  In line with our school vision, debating skills will transform pupils into critical thinkers with the aim to find solutions to complex issues  Children to present debating skills to their classes and peers where appropriate	Train up a member of our teaching team to lead debating sessions  Select a range of pupils to join the club with the aim to create confidence and critical thinking skills  Link up with other schools that teach debating skills to set up inter school debating competitions  Leaders to review the effectiveness of the sessions and evaluate impact on pupils' speaking and listening skills	HOS Debating lead
